Park Meadows Metropolitan District Honored with SDA's Honorable Mention Collaboration Award

At its 36th Annual Conference, The Special District Association of Colorado (SDA) honored the Park Meadows Metropolitan District with SDA's 2011 Honorable Mention Collaboration Award.

SDA annually presents this award to a special district that demonstrates outstanding leadership in collaboration, dedication and service to their district and surrounding communities. The award was announced at the SDA Annual Conference, which was held in Breckenridge, Colorado September 14-16, 2011.

Park Meadows Metropolitan District collaborated on a project that widened Quebec Street from Park Meadows Drive to County Line Road and constructed a pedestrian bridge over C-470. It is a very successful multi-party project with the District, City of Lone Tree, Douglas County and Highlands Ranch Metropolitan District all contributing to this great interchange.

The Special District Association is proud to recognize the Park Meadows Metropolitan District.
